MFE Profile

Saïd Business School at the University of Oxford blends the best of new and old. We are a vibrant and innovative business school, deeply embedded in an 800-year-old, world-class university. We create programmes and ideas that have global impact. We educate people for successful business careers, and as a community seek to tackle world-scale problems. We deliver cutting-edge programmes and ground-breaking research that transform individuals, organisations, business practice, and society. We seek to be a world-class business school community, embedded in a world-class university, tackling world-scale problems.

Engaging with the Oxford Said Career Development Centre
Oxford Saïd students have diverse and global career aspirations. There are many ways in which companies collaborate with the Oxford Saïd Career Development Centre, in order to engage with a global talent pool and to further build their brand on campus. Below is an outline of different opportunities:

Advertising roles to current students and alumni
The Career Development Centre can facilitate recruitment for employers, by advertising MBA programmes, internships and full-time roles to current students and alumni on our online careers portal: Careers@Saïd (available for full-time MBAs, Executive MBAs, MFEs and MPMs) as well as targeting specific students with opportunities.

Holding corporate events at the school
Employers are encouraged to conduct a company presentation and networking event on campus during the year to raise awareness of opportunities within the company and meet current students.

The Career Development Centre can also facilitate smaller, targeted events such as lunches, seminars, panel discussions, and interviews on campus for employers to meet potential hires.

Employers are invited to attend school-wide conferences, as delegates or panel members, where you can meet students from the business school and wider University, and participate in knowledge exchange of the company’s current initiatives.

Oxford Business Networks
Employers can engage with our Oxford Business Networks (OBNs) for different industries and geographies, when these are formed in October every year. These student-led groups organise events for students throughout the year, based around business in different industries and geographies. The OBNs also arrange visits to company offices to learn more about current work within the company and experience the company culture.

Student Projects
Employers are encouraged to join other companies in offering a Strategic Consulting Project (SCP) to a group of 3-4 MBA students, or alternatively an internship (both summer credited options for MBA students) in order for companies to gain fresh insights on a current business problem and offer valuable work experience to students.

Case competitions
Some companies offer a case competition to students within the school to gain students’ expertise on current business initiatives and engage in a more academic setting.

Further information
